When Lem asked to see OP OP called Bantz, who told Lem
Lem knew whole story. Gave OP 3 alternatives
Disappear; Confrontation; hold press conference
to public
Memphis FBI told committee to be retaliation
against OP by Jay Ray through friends
Two agents FBI at OP's house 6 p.m. that day:
Dennis McHis & partner, who told of threat as
found other women, Clarence ____ & that FBI
had heard from HSCA
Next day, Tuesday, Bantz said OP would hear from
NY Times, Hoffork on Monday, gave name & phone
no by HSCA. Bantz told Lem what to say at press
conference for Times. Arrange to meet Bantz at Stereo
Shop or someone else would see Bantz. Bantz told Lem
to say Lane homo, pinko, Raoul puppet Ray imagine-
from Scot & full of his committee associates, that he
had press conferences, etc. as patriotic citizen & was
going public because OP was fed up with the way
Jim Ray was lying" That alone was only topic

just (& only) "because it helped sell books

supposed to meet a couple at restaurant. Man [illegible] Van Hook. They [illegible] & he got into. They saw his notes & that he was with someone.

Met Lane on Sunday - "girl named Tina was with me."

Lane confronted him with what he had & asked him to tell him what committee was up to.

Fred & woman with Lane. All went to his house. Rocky called it the typed Beatz. First that Dave was a traitor. Press conf. on Monday. (Reports had never expected press conf.) Called back hour later. Pope had died, to wait a day. Hoover had been told to call OP on Monday if no one had called him by then.

Met Beatz in restaurant that night to reveal of what OP would say. Beatz little concerned with lawyer-client relationship - or questions to ask Lane & Perry.

8/6 Jury trial meeting. Photog across street. Beatz called again - hysterical. Later called again to check for press conf. with Times.

One more contact that night. Hoover called next a.m. "Ray" had given him my name. Led Hoover on. He said they'd fly in, that he was not coming. Another would be in that day
